# Akash Shinde

*Software Developer*

## Personal Information

**Address:** Frankfurt     **Phone:** 015510440645     **Email:** shinde10akash@outlook.com
**Nationallity:** Indian     **LinkedIn:** https://www.linkedin.com/in/akashinde/

## Profile

With more than 1.5 years of experience as a software developer, and my area of expertise is developing and deploying robust and scalable product-based solutions. I have a solid background in building integration tests, Docker, REST-APIs, and Frontend. I have a strong will to succeed, a flexible and creative attitude, and an organized and independent work style. These qualities combine with my great communication and presentation abilities to allow me to work well with the team.

## Work experience

### Full stack developer Intern
**Koderbox Technology**
07/2022 –08/2022 | MUMBAI, INDIA

- Independently built a translator web application which converts Devanagari language to other Indian languages using React SPA implementation.
- Implemented Localization (l10n) to available app in multiple languages.

### Junior Programmer
**Coradius Technologies Private Limited**
03/2021 –06/2022 | MUMBAI, INDIA

- Assisted in the requirement analysis and development of a web application (portal listing multiple third-party insurances) using Javascript frameworks like React.js, Fastify.js and databases.
- Worked as Lead to integrate one of the insurance categories.
- Maintained and upgraded existing REST-APIs to integrate third-party routes.
- Conducted unit and integration tests using moch.js for each feature/product integration to ensure the highest code quality.
- As part of the cloud infrastructure team, handled deployments of microservices (with docker containers) to servers using CI/CD methods, and maintained servers with automation scripts (cronjobs, deployment scripts, kubernetes cluster, SSL renewal).
- Collaborated with team members to identify and fix bugs.

## Education

### Computer Science | Masters
**Frankfurt University of Applied Sciences**
2022 – present | FRANKFURT, GERMANY

### Information Technology | Bachelors
**University of Mumbai**
2018 – 2021 | MUMBAI, INDIA
Grade: 1.7

## Skills

| PROGRAMMING | DATABASE | FRAMEWORKS | Cloud Infrastructure | Other |
|---|---|---|---|---|
| • Javascript<br>• Python<br>• Java | • MySQL<br>• MongoDB | • React.js<br>• Node.js<br>• Fastify.js<br>• Mocha.js | • Docker<br>• Kubernetes<br>• Linux Adminitstration | • Git<br>• Unit Testing<br>• Design Patterns |

## Projects

**Real-Time Collaboration Notes**
- Twilo Sync, Node.js and Express.js

**Online Marketplace**
- React.js, Node.js and MySQL

**Bug Tracker Portal**
- React.js, Node.js and MongoDB

## Languages

English - Fluent     German - Beginner
